We encourage you to order early; pre-payment in full is required to place and secure an order. Prices listed are cash/check discounted. Credit Card sales add 3%. Quantities are limited, and orders will be filled on a first come/first served basis.

Expected Arrival dates: Early to mid April. We will contact you when they arrive!

Pick up agreement: All Orders must be picked up by May 24, 2025. Orders left after this date will be considered abandoned and eligible for re-sale. There are no refunds for unclaimed orders. Curbside pickup will be available for all orders; please call to schedule if you prefer this option. Erskine's Grain & Garden will provide refunds only if (a) we are able to re-sell an order cancelled by the customer or (b) we are unable to fill the customer's order as placed.

I have read & understand the pickup agreement outlined above.

Date:

ONION & SHALLOT SETS Small, dry, immature bulbs grown the season before. Once replanted they resume growing. Varieties are often not named.

Stuttgarter. Medium-large yellow storage onion with golden bronze, firm. Thick, slightly flat shape.

Weathersfield. Large, flattened globes with deep purple red skin.

Nero. F1 hybrid, traditional shaped shallot with a copper pink outer shell and pink colored flesh. Excellent storage, up to 12 months.

ONION PLANTS Field-grown, spring dug plants. Plants arrive as dormant starts — expect them to be dry and/or pale in color due to dormancy and shipping.

Patterson. F1 Hybrid. Medium-large, blocky bulbs with dark yellow skin and thin necks that dry quickly. Extremely long storage onion.

Ailsa Craig. A classic mild onion with excellent size potential. Jumbo to colossal, round to teardrop-shaped bulbs with light yellow skins. Use fresh or for short-term storage.

Blush. F1 Hybrid. Mostly jumbo-size, blocky globe bulbs with thick skins and excellent storage potential. It has brownish-pink skins, light purple rings, and very vigorous foliage.
